Peer Support Position

## The Community Support Network Of Twin Valley Behavioral Healthcare

### Qualifications

- High school diploma or equivalent education
- Peer support certification
- Lived experience in mental illness and/or substance abuse and willingness to share appropriately
- Personalized recovery plan

The Community Support Network provides intensive case management, nursing, psychiatry, counseling, and peer support in the community to individuals who have been diagnosed with a severe and persistent mental illness. Operating as ACT Teams, we spend the majority of our time delivering services in the community and away from the office, ensuring that our clients have everything they need to maintain stability and avoid hospitalizations, episodes of homelessness and incarceration.
